Communication skills

- Give my full attention to the speaker and try to understand their perspective. Show that you're actively listening by nodding, asking questions, and summarizing what they've said.
- Adapt my style to different situations and people. Use a more formal tone when communicating with a client, but a more casual tone when communicating with a co-worker.
- Be willing to consider different perspectives and ideas. This can help me communicate more effectively with people who have different backgrounds or opinions than me.

TRAINING

- Developed my skill through different class projects through the five year stay in university
- Greatly participated in Architectural exhibitions & arch society club in wachemo university
- TLGS training by Great commission ministry Ethiopia
- - I was the member of the PEACE FOREM of the University's association.
